REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance of claims 1, 2 and 17:

Upon further examination of the art of record, it has been decided that the art considered as a whole, alone or in combination, neither anticipated nor renders obvious the claimed sheet package producing system comprising a cutting and stacking means for cutting a continuous sheet at a regular length into sheets and stacking a predetermined number of sheets on a pallet to form a stack; covered sheet stack producing means for removing the stacked sheets from the cutting and stacking means and placing a protective cover on the stacked sheets, then folding the protective cover around at least a portion of the stacked sheets to obtain a covered sheet stack; and packaging means for packaging the covered sheet stack in a bag.

The prior art has been found to disclose the cutting and stacking means, as well as the packaging means of Applicant's invention, however, the art has not been found to teach a means of folding a protective cover around a stack (figure 7), more specifically, the combination of such a means with the packaging means and stacking means of Applicant's invention as claimed (figure 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
